

# Mattresses

Time costs nothing, but spending time choosing the right mattress is an investment in your health, happiness and well-being. A good night's sleep depends on a number of factors, but selecting the right mattress is the foundation to a restful and relaxing sleep – night or day.

The Signature Collection of mattresses represents Dunlopillo's blueprint for absolute comfort. Each one of our 12 mattresses offers a truly unique environment to rest, relax and unwind. Each mattress has been designed to provide excellent postural support, whilst delivering a level of unique luxury that is unparalleled.

Our advice... please take your time to choose your perfect Dunlopillo mattress.

## Choosing the right mattress

It is very important to consider the support your body needs... a neutral position is essential, one in which your spine has correct natural curvature and your head, shoulders, waist and legs are in proper alignment.

A bed that is too soft or too firm will cause your body core to fall out of neutral alignment leading to persistent discomfort and restless sleep patterns.
