INTELLIGENT COMFORT

MALMO

MALMO

The innovative gliding and rocking function* of Malmo offers generous comfort. With an effortless reclining mechanism and hidden footrest, Malmo also has adjustable head and neck support to provide superior support. Choose from two distinct sizes to find your perfect fit. Available as a manual recliner or power recliner with integrated USB charging.

AVAILABLE IN FABRIC AND LEATHER.

	H	D	W	Seat Height	Seat Depth	Seat Width	Clearance needed for full recline
All dimensions in mm/inches							
Armchair	1010/39.8	950/37.4	800/31.5	480/18.9	600/23.6	500/19.7	400/15.8
Large Armchair	1010/39.8	970/38.2	880/34.7	480/18.9	600/23.6	580/22.8	400/15.8

All measurements are approximate and relate to the overall size of the item including soft arm cushions where fitted and back cushions. Manual and Power option with integrated USB charging available. Power versions also have a battery back-up option (we recommend you switch off USB charging when not in use, to prolong battery life). Contrast stitching is available on leather pieces in a selection of leathers.

*On the manual option, to stop the chair from gliding/rocking, you can use the lock lever which is located at the back of the chair by using your foot. [Please visit our user guide for more information on how to operate the manual lever.](#) Both the manual and power options of the Malmo chair also come with an integrated safety lock which is automatically enabled when you recline back to approximately 65 degrees. At this point, the chair will stop gliding/rocking, even if the lever is 'unlocked' on the manual chair. To unlock the safety lock on both manual and power, return to the upright position, this will then enable the gliding/rocking motion.
